NOTICE OF THE FIELD MANAGER'S PROPOSED DECISION

INTRODUCTION

This document addresses the issuance or renewal of your grazing permit/lease. A proposed decision is required by the Code of Federal Regulations (CFR) 4100 to be served on any affected applicant, permittee or lessee who is affected by the proposed actions, terms, conditions, or modifications relating to issuance of a grazing permit/lease.

BACKGROUND

The current grazing permit for the Dunham South Allotment (#5228) will expire on February 28, 2009 and you have requested that we initiate a renewal of this permit. An Interdisciplinary team completed a **Land Use Plan Conformance and Determination of NEPA Adequacy (DNA)** document for this proposed renewal. The DNA is available from this office upon your request.

PROPOSED DECISION

Therefore, it is my proposed decision to issue you a grazing permit, authorization #365602, for livestock grazing on this allotment. Your grazing permit shall be issued for a period of ten years and will reflect the following:

Allotment Name and Number	Livestock		Grazing Period		% PL	Type Use	AUM's
	Number	Kind	Begin	End			
Dunham South (#5228)	36	Cattle	03/01	02/28	37	Active	160

The grazing preference for the above allotment totals 201 AUM's, of which 38 AUM's are suspended, and 163 AUM's are active.

Other terms and conditions of the permit would be as follows:

- ♦ The BLM is in the process of implementing the standards for rangeland health and guidelines for grazing management. This lease/permit is subject to future modification as necessary to achieve compliance with the standards and guidelines (43 CFR 4180).
- ♦ Lessees/permittees are required to submit actual use grazing records within 15 days of completion of annual grazing use.
- ♦ Salting of livestock within one-quarter mile of water is prohibited. Other supplemental feeding of livestock on public lands is prohibited without prior authorization from the BLM.
- ♦ Lessees/permittees are required to maintain all range improvements for which they have maintenance responsibilities.
- ♦ Lessees/permittees are to provide reasonable access across private and leased lands to the BLM for the orderly management and protection of the public lands as allowed in 43 CFR 4130.3-2 (H).

RATIONALE

Based on the review of DNA # OR-056-08-106, I have determined that this renewal meets the criteria for a Determination of NEPA Adequacy (DNA) and that no additional environmental analysis is required. Furthermore, the renewal conforms to the applicable land use plan and that the NEPA documentation fully covered the proposed action and constitutes BLM's compliance with the requirements of NEPA.

AUTHORITY

The following sections of the Code of Federal Regulations, Chapter 43, provide authority for the actions proposed in this grazing decision. The language of the cited sections can be found at a library designated as a federal depository or at the following web address:

<http://www.gpoaccess.gov/cfr/index.html>

§4130.2 (a) Grazing permits or leases

§4130.3-2 other terms and conditions

§4160.1 (a) Proposed decisions

RIGHT OF PROTEST AND/OR APPEAL

Any applicant, permittee, lessee or other interested public may protest a proposed decision under Sec. 43 CFR 4160.1 and 4160.2, in person or in writing to me at the address shown above within 15 days after receipt of such decision. The protest, if filed, should clearly and concisely state the reason(s) why the proposed decision is in error.

In accordance with 43 CFR 4160.3 (a), in the absence of a protest, the proposed decision will become the final decision of the authorized officer without further notice unless otherwise provided in the proposed decision.

In accordance with 43 CFR 4160.3 (b) upon a timely filing of a protest, after a review of protests received and other information pertinent to the case, the authorized officer shall issue a final decision.

Any applicant, permittee, lessee or other person whose interest is adversely affected by the final decision may file an appeal in accordance with 43 CFR 4.470 and 43 CFR 4160.3 and 4160 .4. The appeal must be filed within 30 days following receipt of the final decision, or within 30 days after the date the proposed decision becomes final. The appeal may be accompanied by a petition for a stay of the decision in accordance with 43 CFR 4.471 and 4.479, pending final determination on appeal. The appeal and petition for a stay must be filed in the office of the authorized officer, as noted above. The appellant must serve a copy of the appeal by certified mail on the Office of the Solicitor, U.S. Department of the Interior, Pacific Northwest Region, 500 N E Multnomah Street, Suite 607, Portland, OR 97232 and person(s) named [43 CFR 4.421(h)] in the Copies sent to: section of this decision.

The appeal shall clearly and concisely state the reasons why the appellant thinks the final decision is in error, and otherwise complies with the provisions of 43 CFR 4.470.

Should you wish to file a petition for a stay, see 43 CFR 4.471 (a) and (b). In accordance with 43 CFR 4.471(c), a petition for a stay must show sufficient justification based on the following standards:

- (1) The relative harm to the parties if the stay is granted or denied.
- (2) The likelihood of the appellant's success on the merits.
- (3) The likelihood of immediate and irreparable harm if the stay is not granted, and
- (4) Whether the public interest favors granting the stay.

As noted above, the petition for stay must be filed in the office of the authorized officer and served in accordance with 43 CFR 4.473.

Any person named in the decision that receives a copy of a petition for a stay and/or an appeal and wishes to respond may refer to the procedures outlined in 43 CFR 4.472(b).

If you have any questions, please contact John Swanson at 416-6726 (daytime) or 447-1735 (evenings/weekends).

Sincerely,

Molly M. Brown
Field Manager, Deschutes Resource Area
